

West End Cottage, Askrigg Access Statement

This access statement does not contain personal opinions as to the suitability of the holiday cottage for those with access needs, but aims to accurately describe the facilities and services that we offer all our guests.

The information contained within this statement was correct at the time of publication. Whilst we update this statement on a regular basis, we are not responsible for any changes to services provided by third party suppliers / cottage owners and which are detailed here in good faith.

Introduction

We are a small family run self-catering holiday cottage agency, with an emphasis on quality, comfort and service, and our holiday cottages are real homes from home. We care about the small details that make your holiday special and will assist you with your enquiries and needs where possible.

Much of the information in these access statements is common to many of the holiday cottages this is detailed below with more specific access information then provided for each holiday cottage after the general information.

All of our holiday cottages are in the Yorkshire Dales National Park. They are in Askrigg and West Burton in Wensleydale, and West Stonesdale which is a tributary valley of Upper Swaledale.

The majority of the cottages are old and are either listed buildings or in a Conservation Area or both, so this means that there are statutory obligations and limitations in terms of design and conversion. The original design and layouts of the cottages are still evident and form part of their history and charm, but for most of the properties this means that they may present more of a challenge to those who have specific or restricted access needs.

All of the cottages are independently owned and we are agents for all of the cottages. Some are also managed by us and others by the owners. We live in Askrigg where the majority of the cottages are based so are easily accessible in the event of any problems in Askrigg.

For the cottages in West Burton and West Stonesdale you are provided with full contact details of the owners or caretakers at the time of paying your final deposit and all of the properties also have these contact details available in the Useful Information kept in the cottage. For those cottages managed by the owners, we are also contactable in the case of emergencies as we live about 20 minutes away from West Burton and about 40 minutes away from West Stonesdale.

Broadband internet access is available in all of the cottages and this is detailed on our website for each cottage or you can ring us to check availability. However please note that we cannot guarantee the availability of this service as it is provided by third parties.

All of our cottages have at least free to air digital channels but because we are not served by the main transmitters the full range of channels isn't available to get around this most of the cottages have Sky Freeview with many having additional packages - again details are provided on our website for each cottage.

All of our cottages are non-smoking inside, although you are free to smoke outside but please tidy away any cigarette butts etc.

Each cottage has an information guide with details on the area, including local shops, supermarkets, garages, emergency contact numbers and places to eat.

Some of our cottages accept well behaved pets and this is stated on our website where this is the case. Others do not accept pets. If you have any allergies, then please feel free to check with us beforehand. Where pets are accepted it is on the proviso that they are not allowed on beds or furniture and are not left unattended in the cottages unless they are in a cage. Many local pubs and teashops are pet friendly.

Our comprehensive web site gives full information about the cottages including photographs, the local area, real time availability, prices, booking and what there is to see and do in the area.

We do publish a brochure and are able to provide this in large print upon request but we provide the most information on each property and the area via our website.

We accept payment by most major credit and debit cards, cheque and cash.

Pre-Arrival and Marketing

We have a website which is www.askrigg.co.uk and the cottages are also listed on <http://www.independentcottages.co.uk>

Enquiries can also be made by telephone, letter, text and email.

Our contact details are on our website www.askrigg.com and are detailed below;

Our address-Thwaite House, Moor Road, Askrigg, Leyburn, N Yorkshire DL8 3HH

Cottage addresses-various-details on our website and the full address and postcode is provided with directions to the cottage on receipt of the final balance.

Telephone 01969 650022. We usually divert the landline to our mobile if we are not going to be able to answer the landline or there is an answerphone service on both the mobile number and/or the landline number. Mobile reception in the area can be patchy so it may be that at times we are out of reception but we do ring back as soon as we can if you leave a message for us.

Email stay@askrigg.com

Website www.askrigg.com

Hours of Operation-we operate and are usually available within normal office hours but can be contacted outside of these times exceptionally, but we do ask that you do not call us after 9pm at night or before 9am in a morning unless it is an emergency. We close on Christmas Day except for emergencies.

We are happy for our contact details to be provided to friends and relatives for use in case of emergency. Some cottages have telephones that accept incoming calls where this is the case the number is provided with the directions to the cottage.

We provide you with full directions including postcode and access details for each cottage when you pay the final balance for your booking. Alternatively you can plan your journey by car or public transport using www.transportdirect.info. You simply enter your postcode and the cottage postcode to get directions.

Booking

Most bookings are made directly through our website which has real time availability and also secure credit and debit card acceptance via Worldpay.

You can however book by phone, email or post and payment for the deposit or the full balance if the start of your holiday is in 6 weeks or less, must be made within 7 days of booking or your reservation will be cancelled automatically and the holiday period made available again.

Askrigg Cottage Holidays provides you with a written confirmation by email upon booking detailing the following -

- Arrival and departure dates and times
- Cost of the holiday
- Outstanding balance
- Due date of the balance which is usually 6 days before arrival

Upon payment of the final balance we will email you with full directions including postcode and access details for each cottage.

If requested the above can be provided by letter.

Full terms and conditions are available on our website and can be provided to you in large print format upon request.

Mobile Phone Signals

Because we are in a National Park which is a rural, hilly area there are not many mobile phone masts which means that mobile phone coverage and the signal can be patchy or non existent. The EE and Vodafone networks tend to have the best coverage in the area, and some networks have no coverage so do not work at all. Please check with your mobile phone provider if this is important to you. However, some of the cottages do provide telephones, although they may be on an incoming calls only basis for landlines or a pay as you go basis for mobiles and these are detailed in the individual cottage descriptions or we can advise you where this is the case.

- Askrigg - EE and Vodafone usually work here. In some cases, due to the thickness of the walls, it is not possible to get mobile phone reception in the cottages and it may be necessary to go outside, although mobile phone reception is usually much better on the first floor either in or near a window.
- West Burton - EE and Vodafone usually work here. In some cases, due to the thickness of the walls, it is not possible to get mobile phone reception in the cottages and it may be

necessary to go outside, although mobile phone reception is usually much better on the first floor either in or near a window.

- West Stonesdale - There is no mobile phone signal at all but there is a phone provided which allows with incoming calls, and also local and emergency outgoing calls. There is a public phone box in the village but it does not accept coins.

Buses

The nearest bus services are -

- Askrigg-in the centre of the village-between about 40 yards away and 200 yards away depending on the cottage
- West Burton in the centre of the village about 100 yards from Cauldron Falls.
- West Stonesdale – Thwaite about 3 miles away from Brystone.

Taxis

Taxi services in The Dales tend to be private hire vehicles which it is essential that you prebook. We do not have taxis which you can just flag down and hire on the spot in the rural areas, although there are some of these services in the larger towns such as Northallerton, Richmond and Darlington.

The nearest private hire/taxi services are -

- Askrigg - Peacocks in Bainbridge about 1.5 miles away but pre booking is essential tel 01969 650465/650212 or Street Cars from Hawes tel 07779 428 075 or 07724 339 420
- West Burton - JP Private Hire based in Leyburn tel 07800 513 382
- West Stonesdale – Either BD Taxis of Kirkby Stephen (11 miles) tel 01768 371682 or see the Askrigg entry above.

Trains

The nearest train stations are -

- Askrigg
 - Nearest station is Garsdale Station on the Settle-Carlisle route about 15 miles away however services are infrequent
 - Nearest mainline station is either Oxenholme near Kendal about 32 miles away or Darlington about 37 miles away or Northallerton about 31 miles away
- West Burton
 - Nearest station is Garsdale Station on the Settle-Carlisle route about 20 miles away however services are infrequent
 - Nearest mainline station is either Darlington about 33 miles away or Northallerton about 27 miles away
- West Stonesdale
 - Nearest station is Kirky Stephen Station on the Settle-Carlisle route about 11 miles away however services are infrequent
 - Nearest mainline station is Oxenholme near Kendal about 34 miles

Please note that if you intend to hire a taxi from the railway station, then we strongly recommend that you prebook as detailed above as there is limited or no taxi hire depending on the station. We

also suggest that you obtain a quote for the cost as this can be variable depending upon the firm used and whether they are used to providing a longer distance service.

Towns and Shopping

The nearest towns are -

- Askrigg - Hawes about 5 miles away, however Askrigg does have its own village shops, tearooms, pubs and restaurant
- West Burton - West Burton does have its pub, village shop, tea room, butchers and craft shop. For a larger selection of shops Leyburn is a small market town about 7.5 miles away
- West Stonesdale - there is a pub/hotel in the village of Keld and a seasonal tea shop less than 1 mile away. There is a village shop, pub and craft shops in Muker just under 4 miles away and the nearest town is Kirkby Stephen about 10 miles away or Hawes about 11 miles away

Both Tesco, Sainsbury's and Asda will deliver to all of the cottages if you wish to use their online shopping services, however we do have good, local shops so you can buy your provisions locally at the shops and regular markets held throughout the area.

The nearest Shopmobility Schemes are either in Kendal or Northallerton

Arrival and Car Parking Facilities

All of the cottages are in rural locations, especially those in Swaledale, so travel is easier by car than public transport. The majority of our guests do arrive by car.

Upon booking we provide you with directions, a map and access details for each cottage, along with contact details for both ourselves and/or the cottage owners/caretakers.

Some cottages have dedicated parking, some on street parking and again this is specified on our website for each cottage and the access statement. Whilst we cannot guarantee parking for those cottages with on street parking, it is not usually a problem and you will usually be parked no more than 30-40 yards away from your cottage. The majority of the cottages were built before cars were even thought of so are not always directly next to a road.

All of the cottages are equipped with detailed information books about the property, the appliances and what to do in the area. They also include contact phone numbers. All of the cottages have tourist information available and there is a network of Tourist Information and National Park Centres-again details of these are given on our website www.askrigg.com.

West End Cottage, Askrigg (sleeps 4 in 3 bedrooms)

Brief description and accommodation

West End Cottage is a three storey cottage in Askrigg which has on-street parking. This cottage has a ground floor living room, dining room, kitchen, and utility room. There is also a storage barn for the coal bunker and access to the garden. The first floor has a two single bedrooms and the shower room, the master king sized bedroom is on the third floor in the converted attic. There is a garden partly flagged and partly grassed with borders. The staircases are both carpeted the

uppermost staircase is narrow and may not be suitable for those with mobility issues. All windows are wooden single glazed mainly sash.

Arrival and Car Parking

West End Cottage is at the end of a terrace of cottages and houses with the front door giving direct access onto the stone pavement outside the cottage. The stone flags that form the pavement immediately outside the cottage may be slippery when wet.

Entrance

The entrance is through the front door directly from the stone footpath into a small lobby and then through an internal door into the lounge, both doors open into the cottage with a small step to get over the threshold onto a level floor once inside the cottage. The front door is solid wood and the internal door from the lobby is half glazed.

Heating

All rooms have thermostatically controlled radiators and there is a thermostat to control the room temperature in the lounge.

Lounge

The lounge floor is stone flagged and level with a rug in front of the fire. There are two 2 seater sofas a small set of drawers containing useful tourist information leaflets a small round combined cupboard and drawer with a lamp and a wooden blanket box also with a lamp and a standard lamp. There is a wooden bookcase on the wall containing a varied selection of reading materials, and a store cupboard under the stairs containing kindling and firelighters etc, and a further selection of reading materials and DVDs, there is also a standard lamp. There are various additional cushions to allow you to adjust comfort and support. The 2 table lamps are controlled by wall switches and can also be turned off independently. The TV is on its own TV unit which also contains the DVD player and Skybox, operated by remote control. This unit should not be moved.

The central feature of the lounge is the multi-fuel stove and fireplace which has a cast iron metal door which needs to be kept closed for safety. The hearth is stone. The lounge has a window to the front of the cottage.

Dining Room

The dining room is accessed from the lounge the door opens inwards and the floor is stone flagged and level. There is a round table which comfortably seats 4 on dining chairs in the centre of the room. To one side of the room is a dresser that contains glasses and crockery, there is also a wooden blanket box with a lamp and two standard lamps. The small lamp can be controlled by a wall switch. The dining room has a window to the front of the cottage.

Utility Room

The utility room is accessed from the lounge and the door opens into the lounge, the floor is stone flagged and level with a step up into the room. There are stone shelves and a composite worktop with a dish washer and washer drier underneath. The vacuum cleaner, mop and bucket and brush

are stored in this room. There is also a microwave and a small floor standing freezer on and under the stone shelves. Pans etc. are also stored on the stone shelves. There is a window that receives borrowed light from the dining room. There is also a central surface mounted light fitting controlled by a wall switch near the door.

Kitchen

From the lounge there is a door that opens inwards and then a step up to the stone flagged bottom of the stairs that rise to the right, straight ahead is the kitchen. The floor is stone flagged and level. There are 3 units one containing the Belfast sink with a cupboard below containing cleaning materials a set of units at the end of the kitchen containing a fridge under the worktop and storage cupboards and drawers. The last unit is built around the Rayburn cooker and has a small cupboard and drawer either side of the Rayburn.

Lighting in the kitchen is by recessed spotlights. There is a window with top opening pane facing the garden. Whilst there is an opening window this may be difficult for some as they are behind the worktop and also deep windows. There is also a half glazed door to give access to the barn and garden.

Stairs

The stairs are between the lounge and kitchen, the stairs are carpeted and lead onto a carpeted landing / passage that gives level access to the shower room, two single bedrooms and the stairs to the master bedroom. There is an overhead electric light at the top of the stairs which is controlled by wall switches at the top and bottom of the stairs.

Upstairs floor coverings and heating

The landing and one of the single bedrooms have fitted carpets, the bathroom floor is tiled and has electric underfloor heating the controller is immediately outside the bathroom instructions for its use are under a plastic flap on the front of the controller. All rooms have thermostatically controlled radiators with the exception of the bathroom that has a heated towel rail to complement the underfloor heating. The other single bedroom has a wooden floor with sheepskin rugs.

First single bedroom

This is at the front of the cottage with a sash window to the front and a small window to the side and a pine door opening into the room. There is a standard size metal single bed with a 3ft wide mattress, bedside table with a lamp next to the bed. The bed is against the wall in the corners of the room so can only be accessed from one side or the end of the bed. There is a walk in cupboard that is under the stairs to the master bedroom that acts as a wardrobe. There is also a 2 seater wooden seat with storage underneath, small blanket box with TV on top and a dresser. There is an overhead electric light with the switch on the wall by the door.

Second single bedroom

This is also at the front of the cottage with a sash window to the front and a pine door opening into the room. There is a standard size metal single bed with a 3ft wide mattress, bedside cabinet with a lamp next to the bed. The bed is against the wall in the corners of the room so can only be

accessed from one side or the end of the bed. There is a full size wardrobe with drawers underneath, there is also a wicker basket and display cabinet mounted on the wall above. There is an overhead electric light with the switch on the wall by the door.

House shower room

The house bathroom contains a quadrant shower cubicle, wash basin and WC. There is a mirror over the sink with electric shaver light and sunken spot lights operated by a pull cord by the door. There is a small muslin shielded window and also a heated towel rail and clothes airer. The door into this room opens into the room and is limited in height and this cannot be altered because this is a listed building – if necessary don't forget to duck.

Master King Size bedroom

This is at the top and in the attic of the cottage accessed by a narrow staircase from the landing area at the top of the main staircase. Lighting is by recessed spot lights with wall switches at both top and bottom of the stairs. There is a chest of drawers on the very top landing where we store clean linen for the beds. Through a door that opens into the room takes you into the master bedroom. The room contains a built in king sized bed with low foot end. There is access into the bed from both sides. There are bedside drawers with independently operated bedside lights on both sides of the bed. There is also a blanket box TV & DVD on top, a dressing table with drawers and a lamp and an upholstered chair. There are two sky lights that can be fully opened facing the rear of the cottage. There are sunken spot lights controlled by a switch on the wall by the door. This room is in the attic and the roof slopes toward the roof apex which gives restricted access to some parts of the room and the low beams give restricted headroom for those above average height.

Storage Barn

From the back door onto a small stone flagged area and then across a slightly inclined grassed area (this area owned by the immediate neighbour) to the barn with double wooden doors that open outwards. There is a coal bunker in here and ample space to store bikes etc. To the rear of the barn is a wooden door that opens inwards to give access to the garden along an inclined path which is initially quite steep.

Garden

The garden consists of a flagged patio, grassed lawn areas and flower borders. There is wooden garden table and 4 chairs. Please bear in mind that all outside areas can be slippery when wet.

Floor Plans

The following floor plans are intended to give you an idea of the layout of the rooms within the cottage and whilst every effort has been made to get the room sizes correct do not rely on these floor plans to determine any dimensions. A lot of cottages have shelves and niches built into the walls there are not shown.
